TERMS OF MORTGAGE: The mortgage was refinanced on July 14, 2015. The new mortgage amount is \$4,300,000 and is held by the National Cooperative Bank (NCB). The term is for 10 years. The interest rate is fixed at 3.81%. The monthly payment is \$20,060.65 that includes interest and amortization based on a 30-year plan. The mortgage matures August 1, 2025 and the balance upon maturity will be \$3,401,408.

CAPITAL IMPROVEMENTS:

- * 1988 - The entrance courtyard was re-landscaped and a new underground sprinkler system was installed. All parking areas and sidewalks were resurfaced. New mailboxes and entry doors were installed.
- * 1989 - The building roofs and apartment windows were replaced.
- * 1990 - All entrances were equipped with new security locks.
- * 1993 - The driveway entrance was reconstructed which included a new concrete driveway apron and stone retaining wall.
- * 1998 - All of the fire escapes were repainted and the asbestos pipe coverings were abated from the basement, storage rooms and laundry room.
- * 1999 - The Co-op completed repainting all of the hallways and a large project to re-waterproof and replace brickwork on the exterior facades along "I" Building.
- * 2000 - The Co-op renovated the Laundry Room. All of the equipment was replaced and a new "SMART Card" System was installed.

- * 2007-2008 - The Corporation completed a 2-year waterproofing project that includes replacement of the exterior brickwork along the 4th floor apartments. Total project cost \$460,000.
- * 2008 - Verizon prewired all apartments to accept the new high speed fiber optic FIOS system.
- * 2011 - Corporation performed restoration work to the roof bulkheads.
- * 2013 - Corporation replaced the entry courtyard sidewalks and landings.
- * 2015 - Laundry Room equipment has been replaced with new high efficiency equipment
- * 2017 - Corporation converted their heating system from oil to natural gas (dual fuel). The cost of the gas conversion was paid from the Corporation's reserve fund. The Corporation also repainted their fire escapes.
- * 2018 - The 112 space parking lot was milled and paved.
- * 2020 - Corporation has decommissioned their 20,000 gallon buried oil tank and the building is operating on firm gas. All of the main building entry doors have been replaced.
- * 2021 - All new basement riser valves were replaced to facilitate plumbing service work and renovation of kitchens and bathrooms.
- * 2024 - Corporation installed a new exterior Security System, all entry doors are permanently locked

GENERAL: There is one laundry room centrally located in the basement that has new equipment and operates on a computerized smart card system. There is an intercom system. The heating system is two pipe steam. The building operates on natural gas. The electrical service to each apartment is 40-amp/208. Cooking service is gas. There are 112 outdoor parking spaces. One space is assigned to each apartment and rents for \$60.00 per month. In accordance with the House Rules, dogs, washing machines and commercial vehicles are not permitted. Dogs are permitted if they are a prescribed and registered ESA or service animal.
